RE: Comments related to:

WT Docket No. 01-309, NPRM Related to Reexamination of Exemption Granted
Personal Communications Services devices from the Hearing Aid Compatibility Act of
1988

Dear Commissioner:

We represent Myers Johnson, Inc. (MJJ), a company involved in the design and production of wireless communication accessories. MJJ is devoting significant attention to communications equipment access issues for persons with hearing disabilities and is interested in the proceedings of the Federal Communications Commission (the Commission) as they relate to hearing aids and cochlear implants. MJJ has been following the Commission's reexamination of the exemption granted Personal Communications Services (PCS) devices from certain provisions of the Hearing Aid Compatibility Act of 1988 (the HAC Act), as announced in the Notice of Proposed Rulemaking (the NPRM), WT Docket 01-309.

Enclosed hereto is a Comment provided by MJJ. We would appreciate the Commission's consideration of the foregoing as it finalizes its decision regarding the exemption that is the subject of the NPRM. Please feel free to contact me at (617) 854-4184 if we may provide any further information or assistance in this process.

Sincerely,

For the Petitioner, Myers Johnson, Inc.

John A. Hamilton, Esq.
